Introducing SHAZAM BOLT$

The mobile app that lets you track your account!

SHAZAM BOLT$™

The Bank of Cashton is excited to offer SHAZAM® BOLT$™, a new mobile app that lets you track your account 24/7.

Protecting your money is the most important thing we do and nobody is better equipped to help us with that than you are. You know exactly what you purchased and you can spot a suspicious transaction immediately. We brought you this easy to use app that works on your smartphone, computer, or tablet to do just that. This is yet another way the Bank of Cashton allows you to easily monitor your account balances and transactions.

Download SHAZAM BOLT$ for FREE at:

Apple iTunes | Google Play | Personal Computer

SHAZAM BOLT$ can immediately alert you to any potentially fraudulent activity. For example …

- If someone makes a purchase on your account for more than a dollar amount you set – SHAZAM BOLT$ lets you know.
- If a charge to your account comes from a faraway place, such as another country – you're notified right away.
- If anybody tries to buy something online or over the phone using your account – you know about it.

It's a simple concept. When you're aware of suspicious activity, you can contact us right away – so we can put a stop to the fraud and make sure you don't lose any of your hard-earned money!

Plus, with SHAZAM BOLT$, you can check your balance anytime, wherever you are. That means you'll always know whether you have enough money to make purchases.

Visit the Apple App Store or Google Play to download your FREE SHAZAM BOLT$ app. Getting started is easy – just follow the instructions on screen. If you have any questions, we're always glad to help.
