Fun in the sun! 5 tips to save this summer!

1. **Visit the thrift store**- Spring cleaning often leads to an influx of high-quality items at secondhand shops.

2. **Update your home goods**- Retailers often mark down big-ticket appliances like refrigerators this time of year, as well as indoor furniture and cookware.

3. **Plan travel with online tools**- Use comparison tools and travel websites before buying any plane or hotel tickets this summer.

4. **Buy your produce in bulk**- The summer harvest often means an abundance of locally grown fruit and vegetables.

5. **Stick with generics**- Try buying store-brand items instead of pricier labels when you're shopping.
